The Board is grateful for the support it has received from the sizeable majority of shareholders, however, it is disappointed that there was a significant minority of votes against a number of the resolutions. The Board is aware of one major institutional shareholder who voted against resolutions 2, 5,7, 8, 9,10, 11 and 13, without which there would have been strong support for all resolutions.

The Board notes the vote against the advisory resolution on the Remuneration report. This report covers an historic period and, as shareholders are aware, the Company has instituted a new governance structure which is efficient, streamlined, and cost effective and is best suited to achieve value creation for shareholders. The Remuneration Committee will continue to consult with shareholders to receive additional feedback regarding remuneration matters, including in light of the new governance structure and will, in accordance with the Corporate Governance Code, publish an update on that engagement within 6 months of the AGM.

The Board notes the votes against the reappointment of both Harry Rein (Chairman) and Bruce Failing (Non-executive Director). Without the votes of the institution mentioned above, these resolutions would have received supermajority support. The Board also notes the feedback received from one institution that it voted against the reappointment of the Chairman due to the gender balance of the Board; the Board has substantially reduced central costs, including shrinking the size and cost of the Board, and believes that the current structure is appropriate.

The Board further notes the votes against resolutions 8, 9, 10, 11 and 13 which relate to the authority to allot shares, the disapplication of pre-emption rights, the authority to make political donations, and the notice period for general meetings. Resolutions 9,10, and 13 were special resolutions requiring a 75% vote in favour and therefore failed to pass. In regard to resolution 8 (the authority to allot shares) as set out in the notice of AGM, the Board has no intention of

exercising the authorities under this resolution. In regard to resolution 11, the authority to make political donations, as set out in the notice of AGM, it has been the Company's practice not to incur political expenditure or otherwise to make payments to political parties, and it intends that this will remain the case.

As ever, the Board is committed to an open dialogue with all shareholders and welcomes constructive engagement.

Notes:

1. A vote "Withheld" is not a vote in law and is not counted in the calculation of the votes "For" or "Against" a resolution.

2. As at 12 May 2021, the number of issued shares in the Company was 242,187,985 ordinary shares, which was the total number of shares entitling the holders to attend and vote for or against all the resolutions at the AGM. In accordance with the Company's Articles of Association, on a poll every member present in person or by proxy has one vote for every share held.

3. The full text of the resolutions may be found in the Notice of the Annual General Meeting, copies of which are available on both the Company's website www.alliedminds.com and on the National Storage Mechanism.

4. In accordance with Listing Rule 9.6.1, a copy of the resolutions, other than those concerning ordinary business has been submitted to the National Storage Mechanism and will shortly be available for inspection at: <https://www.fca.org.uk/markets/primary-markets/regulatory-disclosures/national-storage-mechanism>.
